

## SHOW DAY - JULY 12 2010

Dear subscriber

We hope you had an enjoyable day at the Show on Monday.

Overall the weather was good and it appears that numbers were a little up on the year before, although we could have done with the drizzle holding off for another hour or two!

More than 700 pictures have been added to the photo gallery. We are pleased to have some new contributors and are always looking for more! (See the link at the foot of the newsletter.)

The News page has a list of links to further press coverage including video and photographs as well as commentary. (See the link at the foot of the newsletter.)

**Now is the time to note the date of the 2011 Show in your calendars – 11th July.**

There are some other large events coming up on the Showground during August. We do not organise these but details of appropriate contacts and, where available, web sites are available from the link below.
